EXPERIENCE

Senior Sales Executive March 2026- June 2026

(Black Olive Ventures Pvt. Ltd.)

- Generated qualified leads through market research, cold calling, and client networking to expand the customer base.
- Conducted client meetings and product presentations, identifying customer needs and offering suitable solutions.
- Achieved monthly sales targets by effectively negotiating and closing deals with prospective clients.
- Built and maintained strong customer relationships, ensuring high levels of client satisfaction and repeat business.
- Managed the end-to-end sales process, including lead follow-up, proposal preparation, and post-sales support.
- Maintained accurate sales records and prepared regular performance reports using CRM and Microsoft Excel.

PROJECTS

Solar in Automobile Industry

Tools: Research, Data Analysis, MS Excel

- Conducted a comparative study on the integration of solar energy systems in automobiles.
- Analyzed the environmental and economic benefits of solar-powered vehicles.
- Identified challenges, limitations, and future opportunities for sustainable transportation.

Biomedical Image Segmentation

Tools: Python, OpenCV, TensorFlow

- Built a biomedical image segmentation model based on a research paper.
- Processed medical image datasets to identify and segment target regions.
- Applied image preprocessing and deep learning techniques for prediction

Movie Recommendation System

Tools: Python, Pandas, NumPy, Scikit-learn

- Developed a movie recommendation system using content-based filtering techniques.
- Processed and analyzed movie datasets to recommend similar movies based on user preferences.
